WINCHESTER HIGH SCHOOL

Winchester, Massachusetts

...Preface

"I shot an arrow in the air; it fell to earth I knew not where." School has taught us the art of grasping the bow, and shown us how to place the arrow; it can do no more. We are leaving Winchester High School now, and its task is over, while ours is just beginning. Our aims are high and our purpose steady. Will our arrow strike its mark, or fall short of its destined goal? The way has been pointed toward the target; it now remains for us, the seniors of 1951, to hit the mark.

Dedication...

Miss Bailey

You have given us all so much of your time, your interest, and most of all, your friendship, that we should like to give **you** a present for a change. Please accept this, our yearbook, as our going away present to you; it is our only way of saying — simply, thank you.

1951 *Aberjona*

Editor Carolyn Edgar

The entire staff of your yearbook, The Aberjona, has put in many hours under the capable direction of Mr. Ulin toward making this the "best issue ever in W.H.S.". Publicity has been going great guns, the business board even going so far as to obtain the services of those distinguished celebrities, "Bob and Ray," in an all-out drive to gain subscriptions. The staff also has been working frantically to meet its deadline in order that you may receive your yearbook on time. In this, it meets stiff competition from the U.S. Armed Forces, whose material takes top priority with the printer because of the present crisis. In the meantime the business staff has been going quietly about its task of selling ads, and amassing that wonderful green stuff. This year, as you all know, the school adopted a little Indian as its mascot, and he has taken hold of our staff artists' pens. Don't be surprised if you see him popping up here, there, and everywhere. Here it is, your diary, to help you recall some of the highlights of the past year.

Dr. Forbes H. Norris, Superintendent

Mr. Wade L. Grindle, Principal

The Faculty -- Our Friends

Their job isn't easy and sometimes **we** make it tough, but times have certainly changed! Back in the days when cars were called "horseless carriages" and Grandmother wore high button shoes, teachers and administrators were hired for their proficiency with the birch rod. Today, however, we at Winchester know them as friends, ready to help us in a thousand and one ways. Not only have they guided us along the path of knowledge, but they have been willing to pause and make personal excursions into the realms of understanding and personal interest. Yes, times at Winchester have certainly changed — for the better.

1st Row: O. Jason, H. Knowlton, P. Goodrich, E. Niven, M. Bailey, W. Grindle, E. Stacy, H. Bronson, D. Kotkov, R. Keeney, O. Alley, A. Butters. 2nd Row: G. Curtis, A. Cone, R. Catozzi, E. Livingstone, R. Bennett, M. Genicot, O. Leary, W. Skerry, L. Travis, F. Cooper, J. Aversa, S. Daniels, H. Skornik, M. Regan, F. Bartlett, T. Morse. 3rd Row: H. Carroll, R. Hayward, E. Bartlett, N. Dempsey, H. Fitts, R. Ulin, J. Stevens, C. Reed, W. Branley, F. Weaver, H. Foley.

We Chose...

Mr. Arthur E. Butters — Easiest to Get Along With

As our junior class adviser, Mr. Butters guided our ways last year with his supervision of our Ring and Picture Committees and Prom. His willingness to aid both those poor souls to whom math is a mystery and those industrious mathematicians who dream of finding the fourth dimension finds him holding regular seventh period classes. His "Present but not voting?" and "Thanks for coming" reveal the true "Hank" Butters — the "Easiest to Get Along With!"

Mrs. Ella M. Stacy — Most Exacting

Mrs. Stacy, Thrift Association and Prom adviser, although "most exacting," is also our most understanding. Her interest in us was not as a class, but as individuals, and her inexhaustible knowledge of history and current events filled the best of us with awe. Although we may not realize it now, we are truly indebted to Mrs. Stacy for her interest and patience, and we graduate realizing that we do know who discovered America!

Mr. Robert M. Keeney — Most Original

Mr. Keeney, dean and friend, has greatly enlightened our senior year with his "Jessies" and "Georges." His funny class comments and interpretations of **Macbeth** with Lady Macbeth, the boss, and Duncan, the dope, are most original as well as amusing. His appreciation of our other work and his understanding and fairness show how really obliging he is, and we all leave envying his originality and character.

...

Mr. Henry K. Fitts — Friendliest

With his friendly greeting for each of us, Mr. Fitts well deserves this title bestowed upon him. He can always be found with a grin and a good word for each of us, if we ever take a peek into his stronghold in Room 14. One of our most versatile teachers, Mr. Fitts can always be found at the Palmer Street courts in the spring. Shakespeare really lives in his classes, and without his advice, the **Red and Black** would have an even greater struggle than it already does to survive.

Mr. Thomas A. Morse — Best All Around

Although he's a relative newcomer to our hallowed halls, Mr. Morse has quickly made his influence felt, initiating the Speech Course and taking over the Senior-Junior play, Radio Workshop and the Dramatic Club. Out of the realm of dramatics, the cinder-men keep him busy on the track both fall and spring. Proof positive that great power comes in small packages, Mr. Morse has, without a doubt, many more talents up those versatile sleeves of his, and we in the Class of '51 look back with pride on the days when we initiated him into the mysteries of W.H.S.

Dr. Otis E. Alley — Most Eccentric

Master of irony (not sarcasm, as he will tell you) and wizard of science, Doc Alley reigns supreme in the science labs. As the author of chemistry college boards, he is highly respected by all the seniors, while as adviser of the Science Club, many underclassmen come to know his ever-ready sense of humor. We all wonder if his sage remarks will be visible in his soon-to-be-published book.

HISTORY

Small but dynamic, our class first made its collective mark on the world in the Junior High as we showed our enthusiasm for any new scheme which presented itself. When, after two years, Mr. Dickman tired of our energetic ways, he sent us on our journey to bigger and better things.

Looking back, we remember many things . . . our first impressions of Wadleigh — creaky boards and squeaky doors . . . the excitement of class elections, with Chuckie Hart, Johnny Richmond, Phyll O'Neil, and Bunky Burr chosen to pilot us . . . our perpetually losing football team . . . the innovation of freshman cheerleaders . . . slam books . . . Mr. Morse's arrival . . . scrubbing the girls' locker room for Miss Bailey . . . our loyal cheering section yelling for Sammy Bellino's victorious team . . . the table collapsing at our first A.A. banquet . . . the double seats in Room 8 encouraging budding romances . . . the first stag dance which we attended in full force . . . tops on our hit parade — "Near You", "Ballerina", and "Nature Boy" . . . water pistols and snowballs, our favorite weapons . . . freshman girls and junior boys . . . the girls appearing in men's shirts and their brothers' neckties . . . our first Vaudeville Show, with Phyll and Bette Kneeland doing solos . . . dancing school once a month . . . our thunderous applause for Johnny Borden and Chuckie Hart in Miss Bailey's plays . . . tales of the Prom told and retold by the privileged few . . . when, at last, we finished that terrible Latin final, we looked for new fields to conquer.

The big building on the hill will never forget the "firsts" of sophomore year — Varsity Club, Girls' Intramural Council, Tumbling, Modern Dance, the Philosophy Club . . . Joe Lynch, Harris MacDonald, Diantha Lamb, and Marcia Flaherty, our leaders . . . Phyll O'Neil, Allene Goodwin, and Mary Marabella our first varsity cheerleaders . . . Through Rose-Colored Glasses...

Last night at the Ginn Estate we attended the twenty-fifth reunion of the Class of 1951, given by Professor Archibald, discoverer of the third dimension in movie cartoons, and attended by President Mirak and his cabinet, consisting of Secretary of State, Don Cameron; Secretary of Labor, strong-armed Sonney Walters and his assistant, Elaine Hersey; Secretary of Defense, Margie Zinn; Secretary of Navy, Jinny Dyer; Secretary of Offense, Dick Brooks; Secretary of Agriculture, Farmer Brown, and his under-secretary, New Hampshire's favorite daughter, Shirley Cary; and Secretary of the newly created cabinet office of Baseball Commissioner, David Snow. The nation was thrilled by a parade from Washington to Suppatown by President Mirak and his executive cabinet. Due to a slip up in the Treasury, a reward is out for the arrest of Secretary of the Treasury, "Honest Don" Bates, who is now enjoying himself in an extravagant manner south of the border.

Music was supplied by soloist "Flying Fingers" Ives and Lewie Curtis, his tuba, and his all girl orchestra. Featured were violinists, Muriel Pride and Barbara Langell; bassoonist, Mel Lovci; celloist, Elaine Mingins; cornetist, Charlotte Noel; clarinetist, Mary Stuart; and harpist, Jan Meacham.

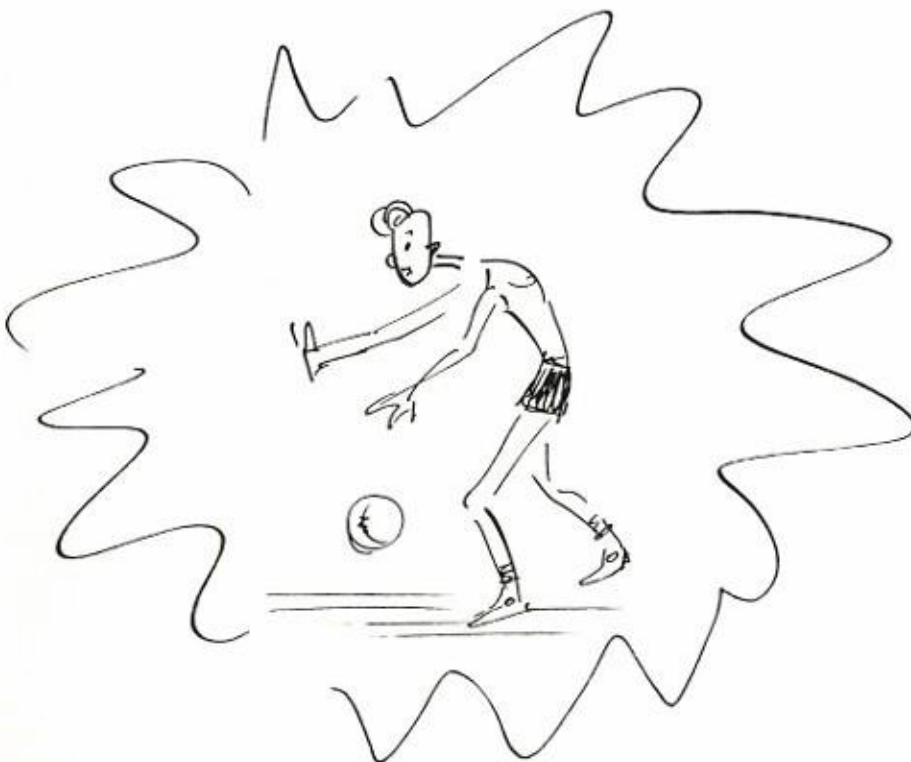

Among the celebrities around the various tables we spotted syndicated columnist John Borden, able successor to Walter Winchell, and sneering at him from across the floor was his arch rival, Westbrook Hussey. Also attending were Dorothy Brandt, Metropolitan Opera's sensational new star, Sheila Gray, founder of "The Three Books Every Five Weeks Club"; Doctor Franceline Cullen, curer of fine wines; Phyllis O'Neil, star of the new musical "Where's Denny", and her two producers, Loftus and Foley.

Sitting in a wheel chair was "Snow Plow" Damon, former A.A.U. ski champion. With Mary Ann, was Sue Ordway, renowned teacher of the Suppatown Driving School; Harris MacDonald, gym instructor at Sargent University; Jane Chiswell, manager of the Detroit Red Wings; and Marcia Flaherty, president of the G.I.C. (Government Investment Committee). At the adjoining table, we saw the well known ballet

troupe of Goodwin, Elliott, and Watson with their head dress designer, Barbara Laird. Amidst this happy throng was that melancholy trio, the first three ladies of radio, Dotty Parker, star of "Parker Finally Faces 'Life'", Louise Kugler, Bob and Ray's new discovery, and Jean Farquhar, originator of the truthful commercial. These three are particularly sad because they now realize that television is sneaking in. Sitting at a ring side table with their feet in the sawdust was the Half Nelson ("It has quite a hold on you") Quartette consisting of Ted Nelson, Ted Lincoln, Joe Mullen, and Jim Smith. Across the floor was Mary Margaret McFarlane and her half baked half dozen, Marilyn Chase, Marilyn Johnson, Frannie Oliver, Mary Marabella, Vivian Ericson, and Barbara Cogan. Monopolizing the bar was Wall Street magnate Eugene Rotundi and his brokers, Ed Crowley, Frank Lawton, Jim Casey, Francis Mooney, Joe Lynch, Eddie Cullen, Paul Carroll, Frank Corby, Eddie Reynolds, Mush Stevenson, and Bill Rand.

A prominent table was occupied by Pearl Edgar, Mirak's ambassador to Lower Slobovia and her assistants, Carol Hawkins, Carol Crosby, Tom Drohan, and Bob McLaughlin, who have returned to America under investigation as 'reds'. Near them was Judy Lamprey, Martha Hewins, and Diana Mansfield, manufacturers of Serious Putty. Astride a wooden saw horse was that star of the tin screen, Bounce-along Boyle; with Bouncy was Sonny Crowley, star center for the Celtics. At a dimly lit table for two was the famous French instructor, Zeke Hicks, and his best pupil, Mrs. Burns, while coughing over in a corner were the two Doten sisters, manufacturers of Doten Sisters' Flavorless Cough Drops.

A cheer of delight went up as Suppatown's three foremost athletes entered the hall, Olympic champ Babe Kneeland, and pro-football stars Tony Cirurso and Obie O'Brien, followed by the nation's leading jockey, Two-Man Callahan. With bowed head, frustrated Eddie Jones entered; as you know, Jones led the expedition to the moon but on his arrival he saw scribbled on the sidewalk, "Minnehan was here." Jones has returned to Suppatown, a defeated man.

Checking their weapons at two different doors were the survivors of Suppatown's gang war between Bridge Club and Canasta Club. In the Bridge Club there were Barbara Pearson, Jean Roberts, Shirley Roberts, Beverley Carroll, Jinny Moore, Barbara Mulea, Joan Stanley, Sally Chisholm, Jane Robinson, Rose Staffiere, and Gloria Pearson; while in the Canasta Club were Pat Flynn, Ginger Frongillo, Ruth Donnelly, Ann Hooper, Pat Harrold, Betty McHugh, Shirley Crowley, Rosemarie Barbo, Mary O'Melia, and Ann Lindsey.

Relaxing in the secluded tranquility of the room's far side was the law firm of Bird, Bolster, Burnham, and Bussey discussing the case of Facciolo vs. the Faculty with the firm of Delay, DeFillipo, and De-Courcey.

The party reached its peak upon the entrance of the fabulous owner of the Coco Banana Night Club, Easy Ed Drohan, his junior partner, Sandy 'Bubbles' Burbank, and the chorus line consisting of Pneumonia Smith, Tassels Neiley, Georgia Greenwood, YoYo Young, Whimsical Whiting, Loose Limbs Lincoln, and Riot Ryan, shadowed by their bouncers John 'Udo' Richmond and 'Silent' Bob McElhinney, who in turn were shadowed by their assistants, Russell Neilsen, John Hogan, Jake Ciarcia, Dom Cirignano, and Jerry Hooper. Featured in the Coco Banana's floor show was Billy Walden, who dived from a one hundred foot tower into a bottle of Windex, cleaning his glasses as he fell.

Hopefully tailing this group was the Salvation Navy band starring 'Hot Lips' McDavitt and his trumpet, 'Hard Knuckles' Surtees, and his tambourine, 'Zoom Zoom' Maher and his base, and Henry Peluso singing "Join the Navy and See the Slums."

Broadcasting the entire gala affair were Louella Quigley and her guest star, Tallulah Mezzacappa. They covered the party in every detail, even noting the fact that last seen hopping the express to Siberia were your authors, Zeke Hicks, Joan Quigley, Eddie Drohan, and Jean Farquhar.

ACTIVITIES

The Student Council, the governing body of the Student Co-operative Government, is made up of its officers and a student representative from each home room. To give every student a voice in the school government, thus encouraging the welfare of the school through the co-operation of pupils and faculty members, is its main purpose. To represent all student organizations under one head is another of its objectives. Among the duties of the Student Council are the electing of a representative from Winchester High School for Good Government Day, and the election of class officers each fall. This year, in addition, a series of Career Assemblies, at which eloquent speakers addressed interested audiences, was directed by the Student Council. To entertain the students and faculty, the Student Council sponsored Hum and Strum at an assembly, and it also conducted its annual Valentine Stag Dance.

Traffic Squad

It takes a lot of courage and determination to stand one's ground before the onrushing mob of students that stampede out of the classrooms six times a day, five days a week. However, the members of the traffic squad have had what it takes, and they have done a fine job in keeping order in the corridors between periods. Although little success was attained in alleviating the crowded conditions around lockers, the year, as a whole, was very successful. For the most part, the success of this year's traffic squad was due to Captain Bob Mirak and Mr. Cooper, the faculty advisor, who made sure that no romancing was carried on while the officers were on duty.

National Honor Society

Left to Right: H. MacDonald, P. O'Neil, D. Archibald, A. Watson, R. Mirak.

Membership in the National Honor Society is the most thrilling and gratifying reward bestowed upon Winchester High's deserving students. To be eligible for this society, one must possess qualities of leadership, service, character, and scholarship. Merely five per cent of the junior class is selected for membership. They are chosen by a very thorough method of elimination; the whole class votes from a list of the upper third of the class, and the top people elected are voted upon by the faculty. Seniors' percentage of eligibility is fifteen per cent of the class. WHS's chapter of this society has thus far been chiefly honorary. Established five years ago, it has been directed by Mr. Keeney and Miss Bronson.

Quill and Scroll

Since 1949, Quill and Scroll, an international honorary society for high school journalists, has existed at WHS. The society assists the school paper in all fields of journalism by providing critical service and contests, both of which tend to improve publications. A member of Quill and Scroll must be of junior or senior standing, be in the upper third of his class scholastically, and must have done outstanding work in his field of journalism. New members are chosen and initiated at the end of each year when they have shown their achievements. Quill and Scroll is the goal of WHS journalists.

Red and Black

Now in its twelfth consecutive year, the **Red and Black**, the school paper, is still the vocal organ of WHS. Opening the year with an early issue, the '50-'51 staff carried the torch until January, when it was turned over to a new bumper crop of text book junior-journalists. Several outstanding innovations were introduced by both staffs in '50-'51. A new size of sheet made its appearance on the first issue; the omni-original juniors developed a new and more artistic nameplate; better news writing, coupled with Sachem Shorts and the news brief column gave more complete coverage of school news; use of one type-family headlines plus the strategic use of photographs created an eye-pleasing paper; circulation was increased by the printing of such "exclusives" as Senior Superlatives and the ballots for the Vaudeville Beauty Contest. Combining their talents to beat the deadlines for the ten issues and produce worthwhile papers, those who served on the **Red and Black** staffs found in it an activity well worth the expended time and effort.

Junior Red Cross

This year marked one of the most successful years that Junior Red Cross workers of Winchester High School have ever experienced. Not only did they equal most of the records set by previous classes; they surpassed a great deal of them by vast sums. The first drive of the year, the membership drive, was met by 100% of the school. Another good example was the clothing drive. Each year WHS sends used clothing to children in Europe. This year the past record number of fifteen bags sent, was boosted to twenty. Miss Bronson has capably led this organization, aided by the officers of the club; President, Phyllis O'Neil; Vice-President, Sue Ordway; Secretary, Jane Chiswell; Treasurer, Jack Mills. If WHS receives as much co-operation in the next few years from the board members, home room representatives, and school as it has this year, it is bound to shatter all past goals.

Philosophy Club

Originated several years ago by a small group of students with the help of Mr. Skerry, the Philosophy Club has become a popular and lively organization. This year, with a membership of approximately forty students, the club attacked such concrete problems as that of cliques and snobs and explored other questions of universal interest. The discussions were led by President Bill Carleton with Mr. Skerry acting as faculty advisor and mediator. Archie Bolster was elected Vice-President and Carolyn Edgar, Secretary. The Philosophy Club provides an ideal sounding-board for those who enjoy friendly debate and exchange of ideas. This year, also, acting on the supposition that one thinks better with a full stomach, the Club has been working to include refreshments in its meetings. The meeting in which Harrison Chadwick spoke about socialism and the government was much looked forward to and much enjoyed. Although not pretending to solve the problems of the world, nevertheless the members have a good time tossing about theories and ideas and finding out just what their neighbors think.

Thrift

Association

Once again the high school can be proud of a successful year of banking. President John Borden and Vice-President Doug Hawkins were kept busy seeing that their diligent bankers did their job every Tuesday morning in adding up the numerous columns of figures which go to make up the week's record. This year our percentage has not gone below 98%. The Thrift Association, under the excellent direction of Mrs. Stacy, has taught us how to save methodically for the future.

Library Club

With between fifteen and twenty members in the group, the Library Club under the direction of Miss Livingstone has held some fine meetings this year. Shirley Roberts, last year's Vice-President, stepped up to the rank of President and has for her assisting officers Joanne Anderson, Vice-President and Peggy McHugh, Secretary. Each member of the Club has put in one study period a week at the school library, arranging books, filing cards, and typing. This has accomplished the two-fold purpose of acquainting the student with library procedure and helping the librarian keep the library running smoothly.

Dramatic Club

The Dramatic Club, always one of our most popular clubs, has had a boom year. Its first production was a Christmas play, "A Miracle for Saint Luke." The annual Senior-Junior class play, a major production, was "Death Takes a Holiday." It also ably represented W.H.S. at the Massachusetts State Drama Festival, which was held at Newton High School. An innovation, an Apprentice Play, was given in the spring at the club's final meeting of the year, with a cast consisting of players without previous experience. Members of the Dramatic Club made up two theatre parties to Emerson College productions, and as a major project have been searching for a descriptive name for the club which will be instituted next year. Working under the inspiring direction of Mr. Morse, the capable officers of the club were: John Borden, President; Louise Kugler, Vice-President; Janet Archibald, Secretary; and Dorothy Parker, Treasurer.

National Thespian Society

The National Thespian Society gives recognition to Dramatic Club members who have proved outstanding in any phase of dramatic art. Winchester's troupe 729 held a small induction ceremony in the fall, and an open, formal induction in the spring, honoring deserving candidates. A candidate for the National Thespian Society must have contributed at least one hundred hours of work towards production, either as an actor, stage hand, script-writer, or committee member. Mr. Morse sponsored the troupe, with Felicia Mezzacappa as President; John Borden, Vice-President; and Dave Archibald, Secretary.

Club Cervantes

The Club Cervantes completed another successful year under the guidance of Mr. Kotkov. Bob Mirak was this year's President, while Harris MacDonald assisted as Vice-President, Claire Delay served as Secretary, and Carol Hawkins took charge of the treasury. The purpose of the club is to create interest in Spanish life and customs. Three important meetings highlighted the club's activities. Spanish games and contests were enjoyed by all at the first meeting, and those who attended will long remember the wonderful refreshments. The annual banquet was held aboard an aircraft carrier at the South Boston Navy Annex. The cook-out, held at the home of Bob Mirak, was a tremendous success. Always one of the more popular clubs, this one has carried out an excellent program which all members enjoyed immensely.

French Club

A group of ardent French students saw their wish come true in November, 1950, when about thirty-five pupils gathered in Mrs. Genicot's room for the first meeting of the newly formed French Club of W.H.S. All students taking French and receiving averages of B or better were eligible. In the following meetings, the members enjoyed singing, talking, and playing games in French, and learning more about France's civilization. At a gala Christmas party, French carols were sung, and Mrs. Genicot regaled the members by charading as Rudolph, the Reindeer! The club is under the able leadership of Mrs. Genicot and Mrs. Burns. President Dick Rush, Vice-President Sona Norian, Secretary Diane Greer, and Treasurer Janet Easton were the officers-elect for 1950-1951.

Rifle Club

Every Monday night the members of the boys' and girls' rifle teams have filled the basement of the Winchester Star Building practicing for their match. Under the capable direction of Mr. Carl Reed, the club has enjoyed a very successful season. Now in its fourth year, the club has acquired new equipment each year of its existence.

Ski Club

The Ski Club, newest addition to the roster of W.H.S. clubs this year, had a large turn-out at its first meeting, held in November. This organization, composed of top-rate skiers, fair skiers, and even those who have never been on skis before, scheduled trips for the winter. Carolyn Edgar, Mary Anne Damon, John Foley, Earl Carrier, and Don McDavitt made up the club's executive board.

Daubers' Club

The Art Club, re-named the Daubers, came into its own this year with many new activities, under the tireless leadership of its faculty leader, Miss Goodrich, and its President, Jan Meacham, who has been awarded numerous prizes for her artistic ability. A major part of the advertising for the **Red and Black** has been done by this industrious group. Guest speakers and movies have been shown to the enjoyment of all. Posters galore have been turned out by members for Vaudeville, dances, and the class play. Also for many weeks before the class play, hard-working Daubers could be found winding roses to make up background scenes for the annual production. Place cards for patients in various hospitals were adorned with entertaining illustrations. This spring the club invited students from art schools and lecturers to come to explain their own works of art plus some famous paintings done by the masters. All students who were interested in art found the Daubers a very enjoyable and profitable organization.

Science Club

A successful year was completed by Winchester High School's "Oldest and Richest" club. Bob Loftus presided over the meetings, while Franceline Cullen assisted as Vice-President, Janice Lynch served as Secretary, and Ed Jones took care of the money. The meetings, which were both educational and interesting, were planned by the administrative officers together with Executive Board members Nancy Young, Bob Surtees, Jim Fielding, and Bob Forrester. Interesting experiments and demonstrations on many varied subjects were given at each meeting.

Math Club

The Math Club started off a successful year by electing David Archibald president. At subsequent meetings they attempted to prove (and did, in a way) one of the three impossible problems of geometry, i.e. the duplication of a cube. The highlights of the year were the selection of candidates for the annual Mathematics Tournament at Newton and a social gathering at Mr. Butters' house. This club is open to juniors and seniors getting "B" or better in third or fourth year math.

Band

Whether playing snappy football songs, spirited marches, or concert pieces, this year's high school band always put on an impressive show for the spectators and hearers. Because of the large number of band members who graduated last year, Mr. Felmet put in many long hours of hard work to bring the band up to the high standards set by Winchester bands in previous years, and his efforts were well rewarded.

With its snappy red and black uniforms, the band added a great deal to the football games by playing all types of football songs and by executing novel half-time maneuvers. The band played at the Tech Tourney at Boston Garden, took part in the Memorial Day Parade, the opening of the EnKa Fair, the state Music Festival at Marblehead, and graduation, as well as putting on a concert for the school and a public concert. In all of these events the band was a credit to the town, the school, and to Mr. Felmet.

Orchestra

It has been the good fortune of the orchestra to have an unusually successful year. Although many of the best musicians Winchester has ever had graduated last year, the string section was enlarged and a bassoon added giving the orchestra more body and better quality.

A dual concert with the Arlington High School Orchestra highlighted this year along with the annual Spring Concert and State Music Festival. Such popular numbers as "Sleigh Ride" by Anderson and "The Way You Look Tonight" by Jerome Kern delighted the Arlington and Winchester audiences while the more serious pieces were also well received.

Mr. Fred Felmet again worked hard with the twenty-seven piece group, and together they did a splendid job.

This year the officers were Annette Barbaro, President; Sonia Smith, Vice-President; and Edgar Hammond, Secretary-Treasurer.

OCTETTE AND GIRLS' GLEE CLUB

The Octette and the Girls' Glee Club, two of the outstanding musical organizations in the high school, which possess a large amount of eye and ear appeal, have been particularly active this year under the able leadership of Miss Eleanor Anifantis. Among their many outside appearances, they have given polished performances before such audiences as the Rotary Club, Fortnightly, High School Parents and Faculty Association, and the Men's Club of the First Congregational Church. They have also participated in assemblies, Vaudeville, and the Spring Concert. All in all it has been a very successful year. This year's officers have been Dorothy Brandt, President; Phyllis O'Neil, Vice-President; Margaret Reid, Secretary and Accompanist.

They shone in the Boston Jubilee Chorus, under the direction of Arthur Fiedler, and the All-State Concert at Worcester, where our tenors were considered good enough to be invited to sing elsewhere. Officers were President Dominic Giacalone; Vice-President, Bob Kleber; and Accompanist, Don MacFeeley.

"Death Takes a Holiday"

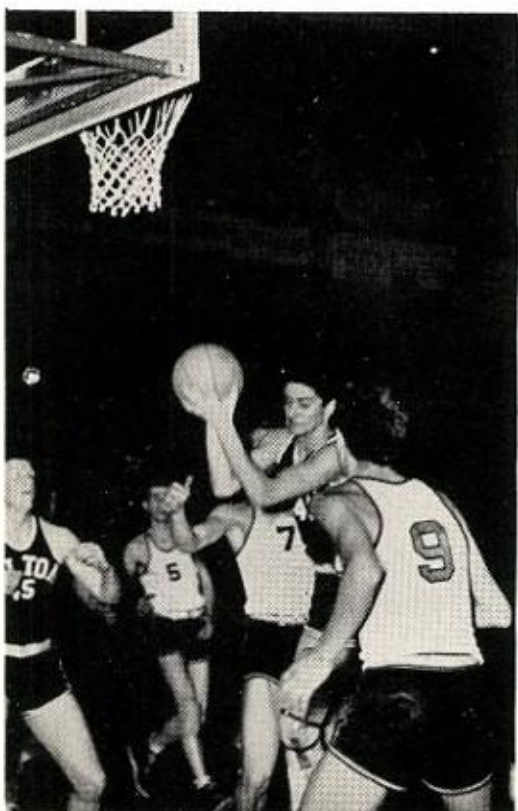

Senior-Junior Play

"Death Takes a Holiday", a comedy in three acts, was the 1951 Senior-Junior play production. The play is based upon the poetic idea of Death's resigning from his usual duties for a holiday of three days, during which time he falls in love with a delicate, sensitive girl. Earl Carrier, as Death, gave an exceptional performance, while Dorothy Brandt, the young girl with whom he falls in love, was a perfect Grazia. Sona Norian as the Princess, Midge Dexter as Rhoda, Shelia Gray as Alda, Carolyn Buracher as Stephanie, and Diane Greer as the maid, inserted the necessary woman's touch, while Jost Michelsen as the Duke, John Borden as the Baron, Dick Rush as Corrado, Ron MacKenzie as Eric, Dave Archibald as the Major, and Harold Quigley as the butler, added the needed "he-man" support. Despite illness, which necessitated juggling the cast at the last minute, this year's play was easily one of the most popular yet.

Girls' Intra-Mural Council

In the third year of its existence, the Council added new accomplishments to its already long list. The successful **Summer Memories** dance opened the high school social season, and for the first time the girls had their own award assembly. Also this year a formal constitution was written and approved by the group. The girls making up the council pushed all activities so that the G.I.C. broadened its scope and became more independent.

Athletic Association

The A.A. once more rose to take command of equipping our teams with excellent uniforms and paraphernalia. In order to raise more funds, it sponsored the Fall Sports and Mid-Winter Dances, both of which proved profitable and enjoyable. Assemblies were interesting and rallies nice and noisy. Once more the A.A. has gone a long way toward increasing school spirit in Winchester High School.

Varsity Club

This year's Varsity Club has been an active club in many respects. The purpose of the organization is to promote good sportsmanship in athletics. The club also extends help to all members of varsity sports who are having study difficulties. In past years the club has brought a number of very spectacular exhibitions to Winchester High. Last year it brought the much talked about Springfield College Gym Team to Winchester, and this year it ran a dance to celebrate our successful basketball team. The profits of all these functions have been donated to the A.A. to pay for the movies taken of the football games. The driving forces behind this club have been President, Tony Cirurso; Vice-President, Prep Keyes; Treasurer, Jost Michelsen; Secretary, Charles Murphy; and Faculty Advisor Coach Knowlton.

Cheerleaders

Here's to the unsung heroes of the football and basketball seasons! Nary a score do they tally, but to these girls goes the credit for many a W.H.S. win. Come wind, come rain, there's always sunshine in their faces as they root their teams on to victory. Co-captains, Allene Goodwin and Phyll O'Neil, led this year's squad through an inspired season. During basketball season they attended every game in full force from the Boston Arena to Conway, N. H., and back again to the Tech Tourney. This year, as an added attraction, the girls picked up a mascot, a little rubber Indian by the name of Big Chief Score-A-Whole-Mess-So-You'll-Win-'Em-All, the Third. He, too, followed "Uncle Ted's Troopers" ardently. Then the girls ended another great year — one which will be a challenge for future squads to equal.

Starting the 1950 season with only a few experienced players, Coach Knowlton made a big switch from his single wing formation to the T formation, thereby turning what was expected to be a mediocre season into a highly successful one. At first Winchester was rather shaky on defense because of the concentration on the new offense and they barely squeaked by Milton and Swampscott, 13-12 and 8-0, but in the real test against Watertown, Winchester played one of its better games, a 7-6 triumph. The Sachems rolled over their next three opponents, Winthrop, Stoneham, and Framingham. The team met its Waterloo, however, when a strong Reading team downed the Indians 13-0. But Winchester rebounded from this defeat and rolled over Belmont and Wakefield before entering the annual clash with Woburn. Again for the second year, Winchester rooters saw their team lose a victory. On the last play of the game Winchester apparently drove over for the winning T.D. only to have the officials deny it, the score remaining 7-7. The team's final record: eight wins, one tie and one loss.

Field Hockey

Using their sticks to advantage, the girls' hockey team came through the season with flying colors. Captain Jean Farquhar led her team-mates to a fine season's record of six wins, two ties, and one heartbreaking loss. As goalie, Jean allowed her opponents to slide only eight goals past her, while Winchester racked up a sensational total of thirty tallies. Paced by center Bette Kneeland, leading scorer with twenty points, the forward line saw to it that the girls on their defense weren't overworked. However, when these dependable lassies went to work, the forwards knew they had nothing to worry about — the ball would be back to them in a matter of seconds.

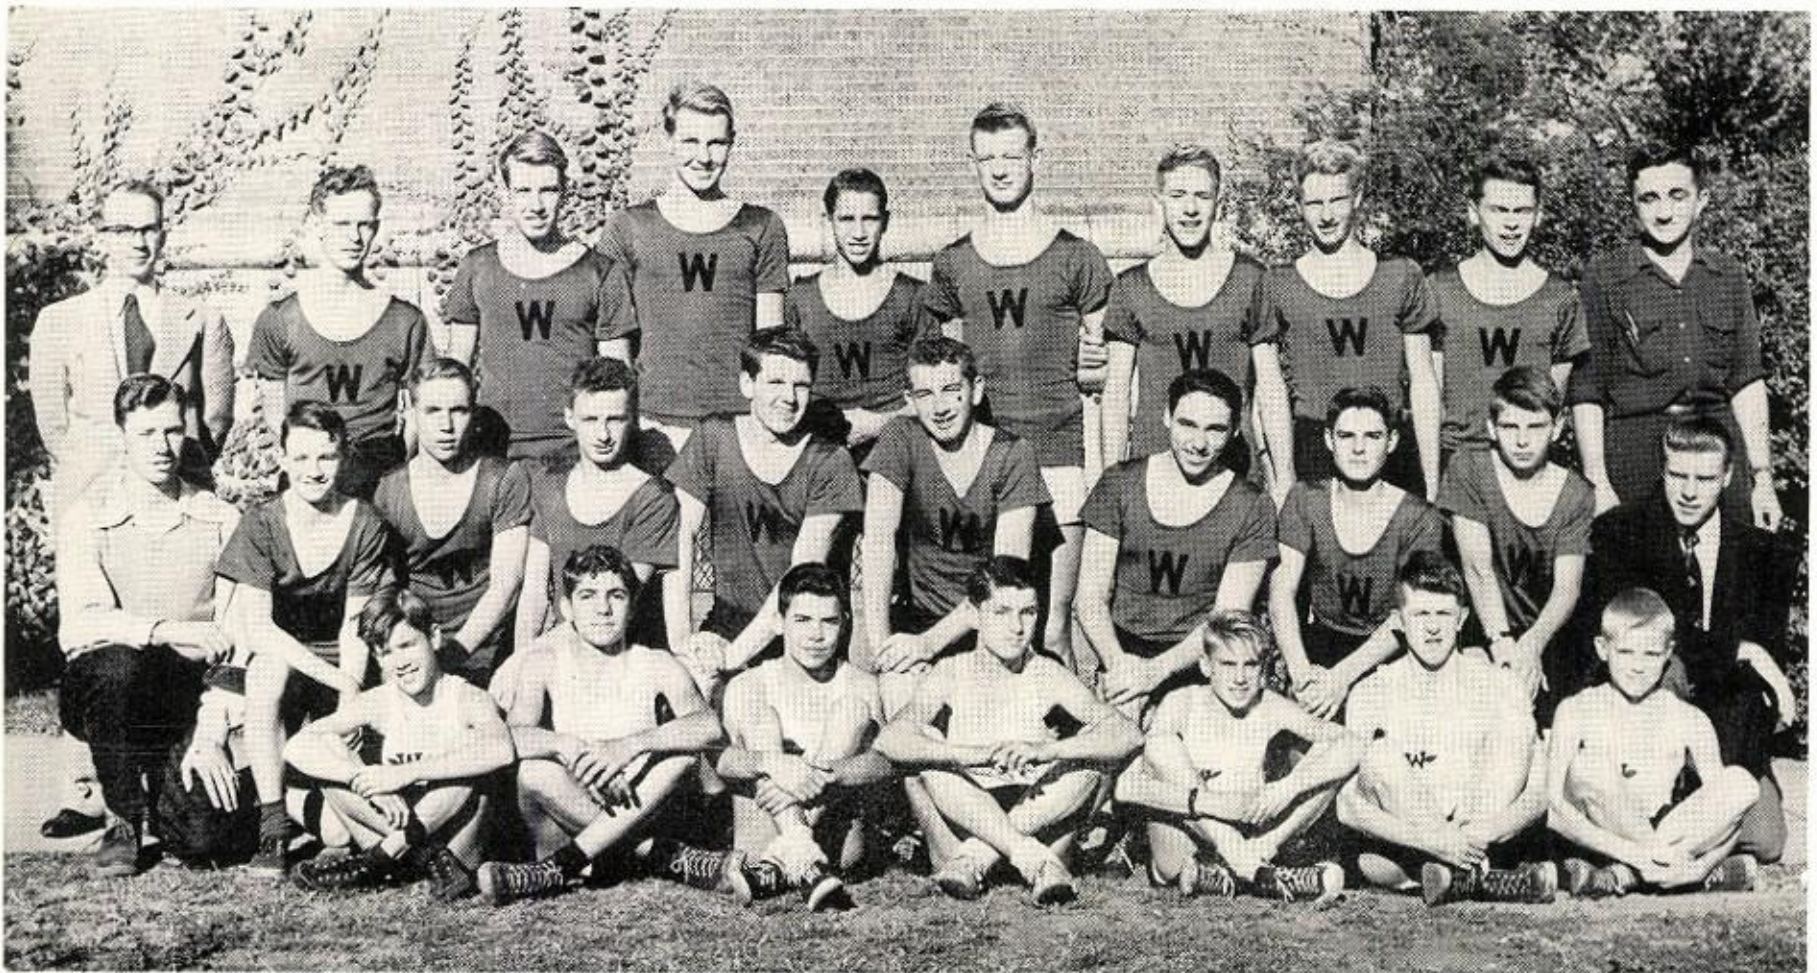

Near the middle of the season, the girls traveled to Concord for the annual playday in which twenty-six schools participated. There, although winning only one game to the two they dropped, Winchester was honored by having left wing Jean Neiley, center Bette Kneeland, and center half-back Harris MacDonald chosen for the All-Star Squad. Captain Jean did an excellent job defending the Reserve All-Stars' goal against her team-mates. Coach Helen Carroll and Manager Sue Ordway, with their optimism and their sideline comments, were invaluable in bringing the girls through their successful season.

Cross Country

Under the expert guidance of Coach Thomas A. Morse, the Winchester High School Harriers experienced an excellent season, placing 7th in Class B at the state meet. Winchester won five out of its seven meets, winning over Wellesley, Essex Aggies, Concord, and Revere, losing only the first two meets of the season, to Everett Vocational and Woburn, a record which proved the constantly strong brand of running shown by Winchester all season. Competing against the same teams in the annual Divisional Meet our harriers placed second. The Junior Varsity, while not doing as well in the Divisional, won six out of seven of their dual meets, losing only to Woburn. The highest scorers during the season were Co-Captain Gordon Bird, Charles Murphy and Peter Coon. Next year's team, to be led by Captain-elect Charlie Murphy, promises to carry on WHS's tradition as legmen supreme.

Girls' Basketball

The 1951 feminine hoopsters, built around a nucleus of two returning lettermen, Jean Neiley and Bette Kneeland, had a successful season. Under the able leadership of Captain Neiley, the team established a three-win, two-loss, one-tie record. The 41-41 tie with Concord was a heartbreaking affair, Concord coming from behind in the last quarter. Lexington, Melrose, and Belmont were all victims, Lexington by one point. The starting sextette was chosen from guards Harris MacDonald, Carol Hawkins, and Jane Chiswell and forwards Bette Kneeland, Meimz Damon, and Jean Neiley. Junior guards Bugs Smith, Jan Easton, Jan Collins, Judy Snell, and Lynne Stevens, using their height to advantage, filled in admirably when called upon, as did sophomore forward Sonny Smith. High scoring honors went to Jean Neiley with a total of 60 points, 27 in the Lexington game. The second team swept through a most successful season to end with a 6-0 record. The fine record of both teams was due to the excellent coaching of Miss Carroll and Miss Barnes and the work of the managers Marcia Flaherty, Martha Whiting, and Ruthie Peel.

Boys' Basketball

Young and inexperienced, the Winchester Varsity basketball team proved to be the surprise of the Middlesex League. Undeclared in eight games of league play, they finally lost on the home court of a strong Lexington outfit which had been picked as the favorite for the title. The only other set back for the Indians was a close one at Stoneham. Final standings showed Winchester tied for the Middlesex League title with Lexington, each with 12 wins and 2 losses, winners of the Small Schools Tourney, and invited to the Tech Tourney. Coach Ted Bartlett did a great job in shaping a young and green group of players into a high scoring, closely-knit unit. The team established a new high scoring record for a season's play in the history of Winchester High. The seven man varsity consisted of Johnny Dilorio and Stowell Symmes at forward, Doug Hawkins and Rod Long at center, and Charlie Murphy, Johnny Farrell and Tony Cirurso at guard. Tony was the only senior on the team, the other six being juniors. Next year holds great promise. With six of the seven letter men returning, it is reasonable to expect that the 1951-52 team also will be a strong contender for the championship.

Hockey

Despite poor weather the Winchester High Hockey Team completed a reasonably successful season with a record of one win, two defeats and three ties. Sonny McLaughlin led the scoring honors with eight points, followed by Ron MacKenzie with four points. Dave Fessenden, "Woozy" Giacalone, and Dave Dalton all had one point apiece.

The season opened with a 4-4 tie with Wilmington and was followed by a 5-1 defeat by Stoneham. Two more games with Wilmington ended in 2-2 and 0-0 ties, and Stoneham was defeated 4-0 in a return match. Finally, the Winchester Pucksters traveled to Wilmington for a final game to break the existing ties. The game was closer than the 3-1 defeat showed as both teams pressed each other fiercely throughout the game. Dave Dalton scored the lone goal and Goalie Bill Rand made many difficult saves. Rand had five goals scored on him in the six games during the season and he produced two shutouts. The starting lineup: g. Bill Rand. l.d. Carle Zimmerman, r.d. Gerry MacNeill, c. Ron MacKenzie, Dave Fessenden, r.f. Sonny McLaughlin, l.f. Paul Carroll.

Golf

This year's golf team looks forward to a much more successful season than last year. Last year the team lost all its matches, but this year, with a large number of returning men, the boys hope to do much better. This year's team is captained by junior George Haggerty and has Don Lewis, Danny McLaughlin, John Pearson, Sam Rocray, and Terry Tolman all contending strongly for berths. The basis for this year's high hopes, beside the large number of returning men, is the fact that whereas Winchester lost only two men at last year's graduation, most of their opponents lost five and even six men. Therefore this season looks very promising for our golfers.

Girls' Tennis

Since they lost only one team member with the graduation of the 1950 class, the girls' tennis team looks forward to a powerful season. Led by Captain Carol Hawkins, the regulars hope to blast their opponents one by one, especially in their key matches with Belmont and Winsor School. The returning varsity racqueteers, Jane Chiswell, Virginia Dyer, Mary Anne Damon and Sue Morton, will have to look to their laurels since there is strong second team material from which to draw. Manager Carol Edgar's unique sense of humor will give the team the needed push to victory. Coach Helen Carroll has every hope for a victorious season, and there is no reason why her expectations should not come true.

1st Row: L. Smith, J. Borden. 2nd Row: R. Crosby, R. Abbott, Mr. Fitts, W. Maroney, D. Archibald.

Boys'

Tennis

The Winchester High School Tennis Team has opened the season on the backboards and is getting into shape rapidly. The team has two returning lettermen in Co-Captains Langdon Smith and John Borden, and with competent JV's in Sandy Burbank and Dave Archibald plus a likely looking freshman prospect in Harry Von Rosenvinge, it ought to do well in this year's proposed schedule. This season a number of other high school teams have been taken on, thereby making a more balanced schedule between the public high school and private school matches. Last year's team lost a number of matches to private schools while making an impressive record against the public high schools; therefore this year's team will have a greater chance to prove themselves in their own class. The team will sorely miss the greater depth of players that has prevailed in previous years, but we look forward to an excellent record, if not a state championship.

Softball

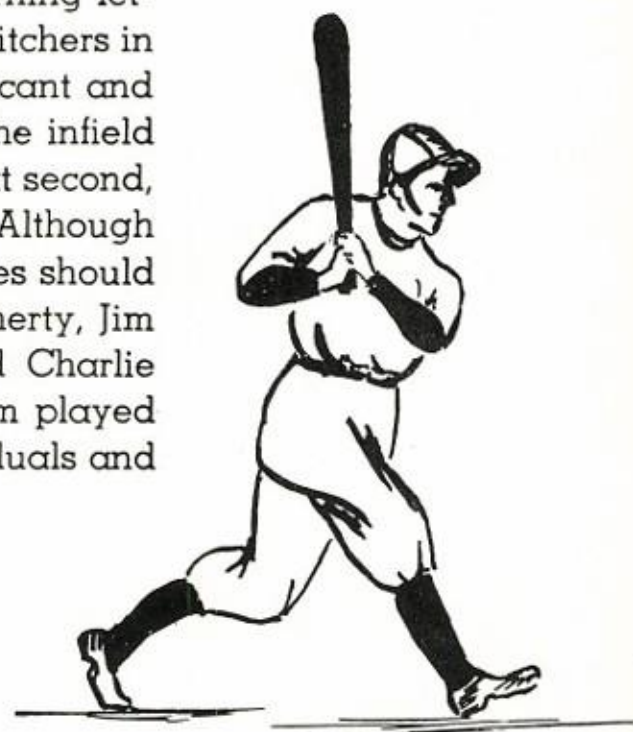

On the arrival of the first robin, the softball squad, equipped with red dungarees, will start what promises to be a successful season. They will be coached by Sargent student instructor, Mildred Barns, and captained by Bette Kneeland, who has been sole possessor of the keystone sack since her sophomore year. Also returning with Bette from last year's line-up will be six juniors, three strong armed outfielders, Bugs Smith, Jan Collins, and Lynne Stevens, last year's starting pitchers, Anna Fiorenza and Gretchen Daschbach, and short stop Diane Greer, who led the team in batting last year. Three positions remain unfilled, but there are several able sophomores bidding for the jobs. With a year of experience behind them, this team seems likely to be one of the best in the history of Winchester.

1st Row: G. Daschbach, J. Collins, D. Greer, M. Smith, B. Kneeland, L. Stevens, A. Fiorenza, J. Easton, F. Oliver. 2nd Row: J. Nanry, C. Callahan, A. Hooper, K. Nichols, S. Smith, R. Coon, L. Gray, G. Mucera, L. Snow, J. Moore, J. Farquhar.

Baseball

The Winchester High baseball team looks forward to a much better year after last year's sparse season. The Sachems have seven returning lettermen from last year, and from these seven they have two excellent pitchers in Charlie Murphy and Stowell Symmes. The catcher's berth is left vacant and is one of the two spots that Coach Bartlett will be seeking to fill. The infield shapes up fairly well with Ed Crowley at first, Captain Tony Cirurso at second, John DiLorio at third, and the shortstop position still to be filled. Although Prep Keyes seems to have the only settled outfield berth, the vacancies should be easy to fill. The team also has a wealth of reserves in Bob Flaherty, Jim Griffin, Pete Coon, Jost Michelsen, Dave Dalton, Dave Russo, and Charlie McLaughlin. Another fact that helps these boys is that most of them played Junior Legion ball last summer, thereby gaining experience as individuals and a unit.

1st Row: P. Keyes, S. Symmes, C. Murphy, P. Carroll, T. Cirurso, J. Callahan, E. Crowley, J. DiLorio, Coach T. Bartlett. 2nd Row: T. Gallagher, R. Taylor, D. Russo, L. Wright, C. McLaughlin, R. Mackenzie, D. Dalton, P. Coon. 3rd Row: R. Giacalone, J. Griffin, C. DeFilippo, B. Flaherty, J. Serieka, J. Carroll.

1st Row: G. Johnson, R. Johnson, D. Mezzacappa, G. Cox, J. Myers, A. Burt, D. Snow, E. McElroy. 2nd Row: Mr. Knowlton, C. Zimmerman, T. Wilder, B. Corthell, J. Richmond, R. O'Brien, G. Bird, J. Foley, R. Hicks, D. Brooks. 3rd Row: R. Sharon, D. Murphy, B. Burbank, R. Johnson, H. Hooper, J. Donlon, W. Mahoney, H. Amundsen, R. Reynolds, R. Kleber. 4th Row: P. Leverette, J. Notemyer, D. Cameron, L. Ackermen, W. Sipp, R. Beck, F. Wheaton, N. Fitzgerald, R. Rotundi, H. Valcore.

Track

This year's track team is looking forward to a very successful season. As usual, the running events are pretty well covered, but there is not too much depth in material for the field events. There are eight returning lettermen, most of these dashmen.

Co-captains Bob O'Brien and Johnny Richmond, Zeke Hicks, Tom Wilder, Bruce Corthell, and Dick Brooks all received letters in the 100 and 220 yard dashes last year. A combination of any few of these runners forms a very formidable relay team. The mainstays in the distances are half miler John Foley and miler Buzzey Bird. Bruce Corthell should give a good account of himself in the high jump, and Johnny Richmond should get a few points for his broad jumping. Sandy Burbank is expected to enter the shot-put this year and give the team quite a boost in that field. Sandy has been practicing on his own, and he has announced his intention of going out this spring. With some promising legmen up from the J.V. and Freshman teams of last year, W.H.S. can look forward to a well-rounded track team.

Modern Dance

Here's to the gals in the black leotards! The gals who work so hard to make up and present dances unequalled in W.H.S. history! The Modern Dance Club puts on two performances a year — at Christmas and in the Vaudeville. However, "les artistes de dance" spend the rest of the year limbering up for their exhibitions and learning new techniques.

1st Row: E. Joyce, A. Barbaro, D. Mansfield, A. Watson, P. O'Neil, A. Goodwin. 2nd Row: M. Smith, J. Higgins, N. McDevitt, A. Elliott, Miss Paterson, J. Meacham, C. Ambrose, S. Gray, M. Pride. 3rd Row: G. Watson, M. Sanger, C. Lincoln, B. Smith, J. Thomas, J. Roberts, G. Pearson.

Tumbling

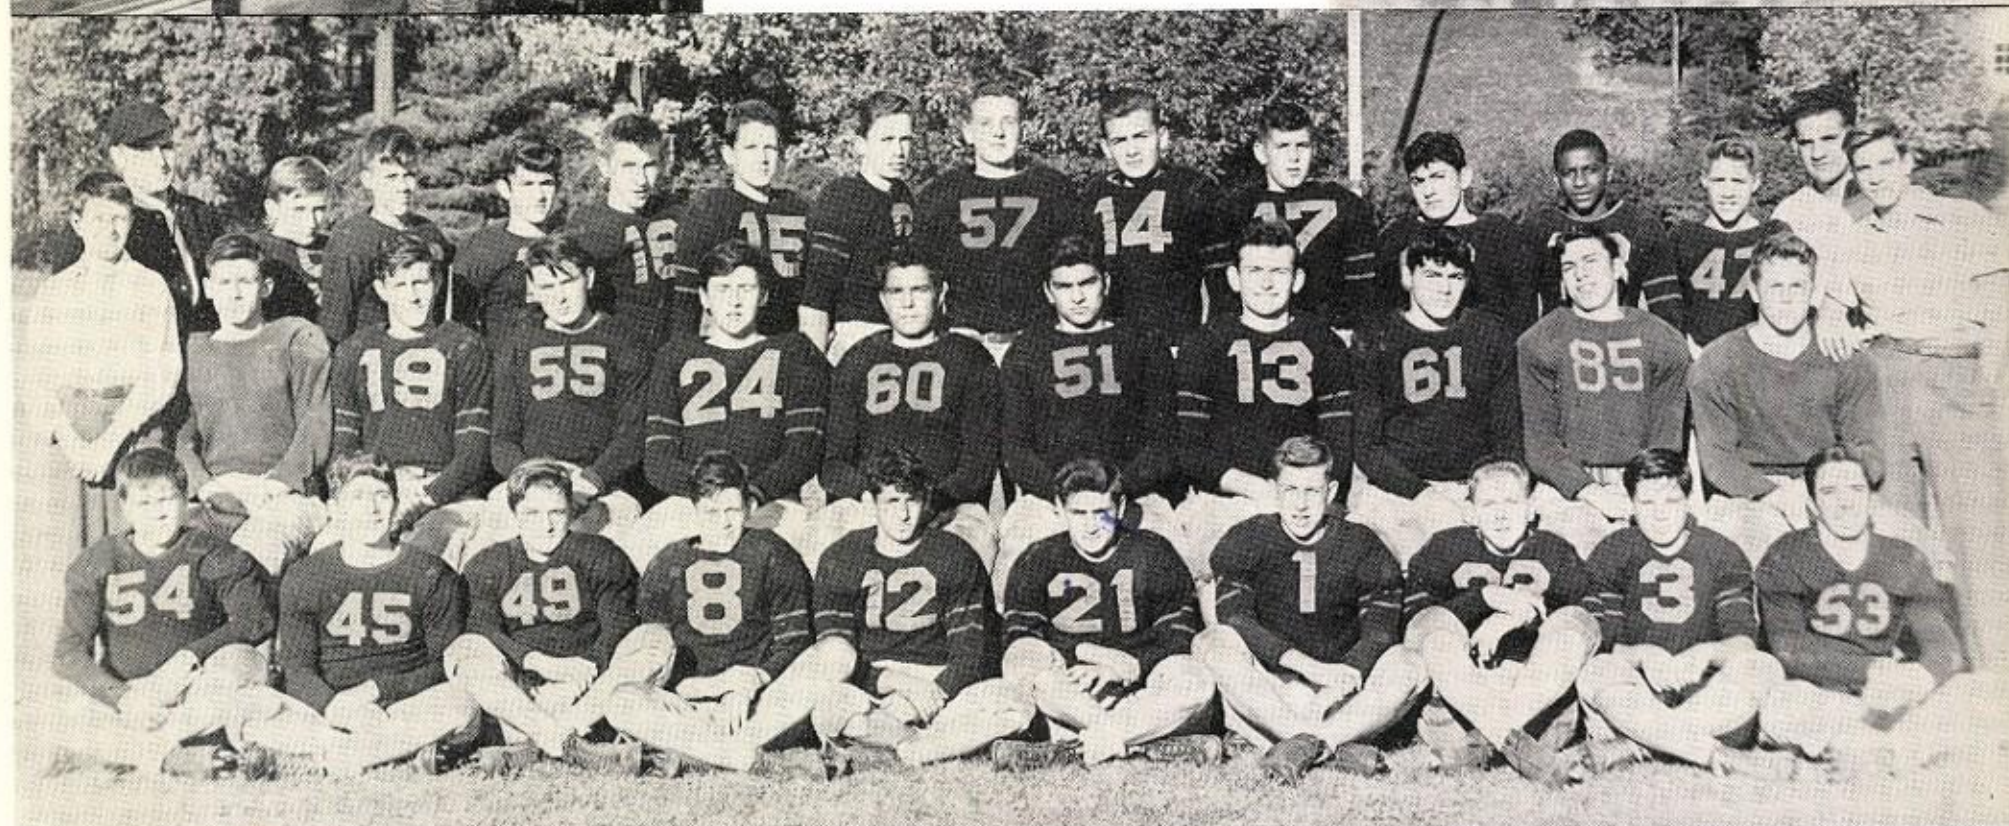

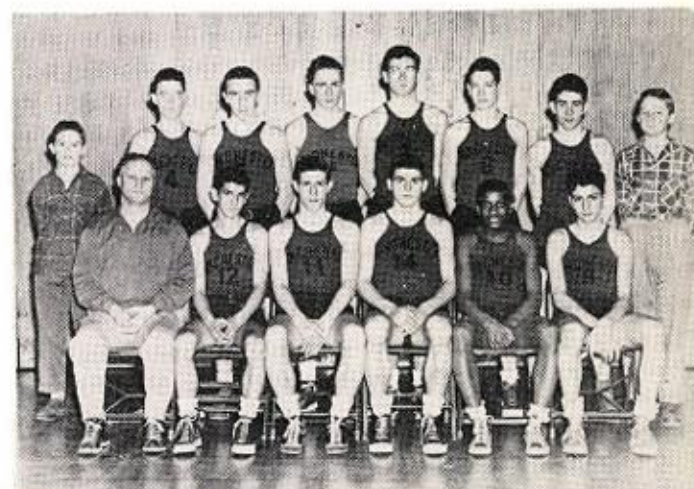

They fly through the air — at least that's what they do during Vaudeville, these gals who tumble. Before the show they work long and hard to perfect the stunts which seem so easy to the audience. Besides the Vaudeville tumblers, there is another, larger group of girls who work just for their own pleasure, and in the hope of being advanced tumblers to thrill the audience in their turn.

1st Row: L. Gray, H. MacDonald, S. Ordway, S. Morton, R. Coon, J. Nanry, M. O'Connell. 2nd Row: S. Smith, M. Smith, J. Neiley, B. Kneeland, D. Greer, J. Easton, M. Dexter, B. Crispo. 3rd Row: J. Moore, A. Smith, P. Laetsch, B. Brown, M. J. Davis, G. Daschbach, M. Briggs.

Youth

"YOUTH is not necessarily a time of life — it is a state of mind. It is not a matter of ripe cheeks, red lips and supple knees; it is a temper of the will, a quality of the imagination, a vigor of the emotions; it is a freshness of the deep springs of life."

And, an expression of youth is the School Annual — a keepsake that tells in word and picture of all the happy memories of bygone years. A keepsake in which we thoroughly enjoy our part — the designing and printing of your publication — that it may attractively portray and long preserve these memories.
